## SCISSORS AND PENCIL

President Roosevelt put a quietus to talk about his being a candidate for the Presidency in 1908 or at any other time at Chicago on Wednesday of last week when he said to one who told him that he would like to vote for him again: "I meant it then, and now mean, and will continue to mean just what I said on election night." And to another he said: "There was no string on what I said on election night, that under no circumstances will I be again a Presidential candidate." However, when the time comes, Teddy will probably remain on the band wagon, especially if the country is as unanimous for him as it appears to be at the present time.

Ex-Governor Stone of Pennsylvania has come out squarely in favor of dividing the state of Pennsylvania and making two states of it. He says that since the time of Senator Quay no one has been found who could hold Philadelphia in check and that a division of the State is the only means by which that can be done.

Governor Douglas of Massachusetts has just reappointed Major Edward T. Jones Master in Chancery for Suffolk County. Major Jones is 85 years old and has held that office 36 years. Evidently Gov. Douglas does not believe that men should be chloroformed at 60.

There is something serious for educators and parents in general to think about in the fact that it has recently been found by the New York City Health Department that one-third of the pupils who are living in that city are suffering from defective eyesight. Whether this is the result of school conditions, of home conditions, or heredity is an important determining factor.

It is significant of the breadth of vision of President Roosevelt and Secretary Taft that they both hugely enjoy a joke, even though it be at their own expense. It is also noteworthy that both men resent being told an anecdote which could not be told in the presence of ladies. Whenever either man sees a particularly good cartoon he saves it and shows it to the other. A Philadelphia newspaper recently printed a cartoon in which the three principal figures were the President, Secretary Taft and a huge bear. "All's well that ends well," was the legend. The bear was represented as saying, "Delighted to see you," the President as saying, "Delighted with the trip," and Secretary Taft, who is shown sitting on the lid of a huge box, as saying, "Delighted he's coming." The likenesses were particularly good and Secretary Taft was so pleased with the cartoon that he wrote the artist asking for the original drawing, which he will have framed and present to the President.

The village school house at Ashland was broken into and robbed recently.

## CENTER HARBOR

The village church, which has been undergoing extensive repairs for some time past, is to be re-dedicated at the regular service next Sunday morning. A hymn appropriate for the occasion has been composed by the pastor, Rev. John Thorpe, and will be sung to the tune of "Hursley." This church was organized May 9, 1838.

We dedicate this Temple, Lord, According to Thy Holy Word; Knowing that Thou wilt guard the place, We trust Thy mercy and Thy grace.

Thine ancient temple, Lord, so free, Was girt by hills of majesty; This Sacred House near hills and lakes

Today our gratitude awakes.

May pastors rich in sacred lore, With Christ's own spirit, as of yore, Lead this dear people near to Thee, Near to the Cross of Calvary!

May words of grateful praise and prayer, Like incense sweet perfume the air.

May Jesus' gospel of good cheer Be long time preached and practiced here.

Amen.

Wanted. A correspondent to send items of interest from Center Harbor to the News every week.

Wilbur Emery is here from Tilton, with his mother, Mrs. L. A. Emery.

## DREAMS OF THE BLIND.

Conjectures of a Physician Who Has Been Giving the Subject Some Study.

A new line of investigation in the phenomena of dreams has been occupying the leisure moments of Dr. Carlton Simon for the last few months. He is endeavoring, reports the New York Herald, to discover on what cause people who have been blind all their lives base their dreams.

It is a well-known scientific fact that the dreams of the normal person are invariably founded on some event or condition that they have experienced, a condition that involves sight; that they are retrospective and not prospective, despite the highly colored tales of our grandfathers concerning prophetic dreams.

"What are the prevalent dreams of persons born blind?" queried Dr. Simon, in discussing the matter with some of his professional friends. "The subject, so far as I know, has not excited inquiry, but it seems of a nature to deserve it, as it might lead to some very curious results. Are forms or figures presented to them, either animate or inanimate, and if so, do they bear any resemblance to their originals? Everything that is fitting before the mind's eye must be a creation, not a recollection, to him who can only have gathered vague notions of form from the touch and who can have no idea of color."

"Anyway, it's worth looking into, it seems to me."

**THEN SHE CAME TO LIFE.**

Death Vanquished by the Power of a Great Love and a Realistic Dream.

It was night now. Ah, well, night was as good as the day. What did it matter? Nothing mattered now, neither time nor tide nor circumstance, for was she not dead, the woman of his heart? Of course, relates Lippincott's, they had had their little differences—what married couple has not?—and the tears filled his eyes at memory of some of their spats. He had so often been in the wrong. She—she was an angel, and they had loved each other.

Now she lay dead before him. How had this thing happened? How had this great grief come to him? Why had the Master given her to him but to take her away?

He should not. He should not. He would hold her back out of the very arms of death. Half frenzied with his grief, he seized her. He held her. He drew her to him. She yielded. Death was being vanquished by the power of a great love.

And then a voice—her voice through the night:

"John, for gracious sake, what are you pulling me out of bed for?"

And then he awoke.

## THE SONS OF ALEXANDER.

Since the Death of Sergius But Two Brothers of the Czar Remain Alive.

Of the six sons of Czar Alexander II. but three now remain. Nicholas, the eldest, died in 1883. Emperor Alexander III. died in 1894. Sergius was the third to pass away. Vladimir, born in 1847, ranks next after the czar's brother, Michael, as heir to the throne. Next to Gen. Trepoff, commander-in-chief of St. Petersburg, he is the most likely target for the next bomb of the assassins. Alexis, born in 1860, is commander-in-chief of the Russian navy. He is a noted gambler, of an easy-going disposition, and is not popular with the masses. Paul, born in 1860, is the youngest. His first wife was Princess Alexandra of Greece, and their son, Dmitri, now 15 years old, is the youngest of Russia's grand dukes. After Princess Alexandra's death, several years ago, Paul contracted a plebeian marriage, as the result of which the czar banished him from Russia. Since the assassination of Sergius, Paul has been restored to his estates and to royal favor.

## Thousands Have Kidney Trouble and Don't Know It.

How to Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also a convincing proof that the kidneys and bladder are out of order.

Want to Be.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, bladder and every part of the urinary passage. It corrects inability to hold water, and relieves pain in passing it, or hard straining, saving use of liquor, wine, and that unpleasant remedy, cathartics.

Get up many times during the night, and the extraordinary effects of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may get a sample bottle of this wonderful remedy free of charge, and a book that tells more about it, by sending a postal note to Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## Beautiful Thoughts.

Make yourselves nests of pleasant thoughts. None of us yet know what fairy palaces we may build of beautiful thoughts, proof against all adversity, bright fancies, satisfied memories, noble histories, faithful sayings, treasure houses of precious and useful thoughts which care cannot disturb nor pain gloomy, nor poverty take away from us—houses built without hands for our souls to live in.—John Ruskin.

# YOUR KIDNEYS ARE THEY WELL?

**Unless they are, good health is impossible.**

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered kidneys. A simple test for kidney disease is to get aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

**If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.**

**Some Pronounced Incurable**

Mr. G. A. Gillison, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

**Had Lumbago and Kidney Trouble**

Edward Huse, a well known business man of Salisbury, Me., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."

A Massachusetts preacher is in favor of having Sunday theaters and baseball. "Why not?" he asks. It would hardly do for this sky pilot to look for a church in which to preach in Belknap county.

The Democrats in Chicago went wild over President Roosevelt during his visit there last week. Teddy is without doubt the most popular man in America at the present time, and he grows stronger as the days go by. "All the world loves a lover," and it also loves, it appears, a strenuous man.

Present day clergymen should never repine over their salaries. In 1770, a clergyman was settled in Sanborn, this state, with a salary of \$200, of which \$120 was to be paid in cash and the balance in labor. It was also agreed that he should have the liberty to preach old sermons when too sick to write new ones. The name of the preacher was Rev. Joseph Woodman. The Observant Citizen in Manchester Union.

Owing to the fact that there is no state appropriation for the care of the consumptives, and realizing that it is impossible for a great many of these unfortunate to pay the full cost of maintenance at a sanatorium, the Consumptives' Co-operative Association offers for a limited period, beginning May 1, 1905, ten endowed beds at the Pembroke Sanatorium for early cases of tuberculosis of the lungs. These endowments cover \$5.00 per week each, thus placing sanatorium treatment within the reach of those who cannot afford to pay the full charge of \$15.00.

President Andrews of the University of Nebraska has had his say about tainted money and gives it as his opinion that it is just as good as any other money. He might have added that it will buy just as much roast beef as clean yellow metal.—Nashua Press.

**Saved by Dynamite.**  
Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. If T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and LaGrippe. At C. W. Morrison's drug store, price 50c and \$1.00; guaranteed. Trial bottle free.

The Mayo Knitting Machine company has taken another five year lease of the shoe factory at Laconia.

**Cleared for Action.**  
When the New Life is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At C. W. Morrison's drug store 25 cents.

**Grateful words from a Clergyman who suffered intensely from Skin Disease cured by D. D. D. Prescription**

Roskoke, Va., June 18, 1904.  
D. D. D. Co., 70 Dearborn St., Chicago, Ill.  
Gentlemen—Your letter of recent date received and contents noted. It gives one pleasure to commend D. D. D. to sufferers from skin disease. For three years I suffered, intensely, from a skin disease which developed on the back of my neck. The growth was toward the scalp. Neighbors, friends, relatives and even people blood medicine were lavishly used. I at last found relief in D. D. D. used according to directions. It required but twenty bottles to effect the cure. I am no longer tormented, no I have no hesitations in recommending to the world the word and great virtue.

REV. L. L. DOWNING.

D. D. D. costs but \$1.00 per bottle and is guaranteed to cure any disease of the skin or scalp or money refunded.

What more can we say.

Alton, May 10.—Lake Winnepesaukee house at Alton Bay was destroyed by fire this morning at 3 o'clock, together with a long string of sheds, storehouses and the big livery barn. It will entail a total loss of \$30,000, partly covered by insurance.

According to the change the farmers are finding the telephone a great convenience. Down in the southern part of the state a few days ago a fire broke out in a field and under the influence of a big wind was soon beyond control. Then the farmers got busy with the telephone and in less than half an hour had a force of 150 men fighting the blaze and so successfully that 45,000 feet of sawed lumber was saved and the fire was prevented from getting into a 400-acre wood lot.

J. D. Monahan, who is at work on the Dr. O'Donnell farm, was milking a few days ago when the cow next to the one he was milking crowded over in his direction, throwing Mr. Monahan to the floor and breaking both bones of the leg near the ankle. He was attended by Dr. Hawkins.  
A fire in the "slab" on the farm of W. B. Ballard got beyond control last Saturday afternoon and the fire company was called out to assist in subduing the flames as there was danger on its spreading to buildings near by. Quite a number of the firemen and other citizens responded to the call and an hour's work sufficed to remove the danger.  
The new fire alarm system was tested for the first time last Thursday just before noon, and there was a general rush to see from the published cards what the alarm meant as to the location of the fire. The general opinion seemed to be that it was on Waukegan street, that locality being indicated by six blasts from the whistle of the M. S. & L. Co.'s mill. The trouble proved to be on Water street, where the number is fifteen, or one long and five short. There was a blaze in the roof of E. H. Maloon's barn and but little damage resulted.

The death of Frank D. Clark, which occurred at his residence on High street last Thursday evening, came as a shock to many who did not know that he was seriously ill. He had suffered some time with a sore eye, and about three weeks ago he had the eye removed by a Manchester specialist. He had also suffered from a weak heart, and the first of last week he caught a severe cold, which resulted in pneumonia, terminating fatally. Deceased was a veteran of the Civil War, having enlisted in the Seventh New Hampshire volunteers of heavy artillery when he was but seventeen years old, and served until the close of the war. He was a member of Geo. S. Cram Post, G.A.R., of this town, and also of Algonquin Tribe, I.O. R.M. Thirty-five years ago he married Sophronia Brown of Manchester, who survives him. They have had two children, Elmer, who died in October, 1903, and Nellie, the wife of Horace Fogg of this town. The funeral services were held at the Baptist church Sunday afternoon, the G. A. R. Post and school children attending in a body.

**Letter to Charles W. Stevens, Meredith, N.H.**  
Dear Sir: You want a cheap job of paint for a cheap house, don't you?  
It's Devco. It's the regular thing in Devco; there's nothing in all paint, so cheap as Devco.  
Oh, yes, you can paint with mud, but that isn't paint; you want it to look about right for a month or two. Paint Devco; can't do it for less; there's nothing so cheap; say nothing of wear, that's so cheap as Devco.  
It goes so far; save gallons. A gallon of paint, put-on, costs \$4 or \$5; save gallons.  
Devco is your paint.  
Yours truly  
F. W. DEVCO & Co.  
Pease & Weeks sell our paint.

**MEREDITH**  
Mrs. D. L. Alexander of South Boston, is at George Bickford's for a few days.  
Mrs. E. C. Mansfield has been visiting in Lowell a few days.  
Sanborn is doing a rushing business in the phonograph line lately. Latest records always on hand.  
J. F. Philbrick has been appointed surveyor of the village district. The position was offered to Geo. F. Sanborn and E. B. McLosky, but both men refused.  
Sanborn has ordered a large quantity of those warranted pocket knives with his name on the blade, in 25 and 50 cent styles. Also some very handsome pearl handles for both ladies and gents.  
The Knights of King Arthur are to hold a bean guessing contest. The one guessing nearest to the actual number of pea beans in a jar will receive a handsome rocker worth \$2. The chair is on exhibition at A. M. Avery's store. The price of each guess is 10c.

Chas. Clark and wife were returning from the funeral of Mr. Clark's brother, Frank Clark, last Sunday and when about on the summit of Ballard Hill a cow driven by a boy gave a sudden jump and frightened Mr. Clark's horse so that both Mr. and Mrs. Clark were thrown out and the team passed over Mr. Clark's body, injuring him so severely that a shock supervened in a few hours and death ensued on Monday at five o'clock. Mr. Clark was nearly 55 years old. He leaves a wife and ten children. A brother, who lives in Laconia, is said to be critically ill at present.

**CARD OF THANKS**  
I wish to thank one and all of the many friends who so kindly assisted me in the contest for the silver present.  
Grandma James.

**Card of Thanks.**  
The undersigned wish to show their appreciation of the prompt and efficient efforts of the Meredith Fire Department in subduing the serious brush fire of Saturday last, by expressing their heartfelt thanks. By this and other acts they show an interest in property, even if it be out of the limits of the Fire District.  
W. W. Ballard,  
F. H. Smith.

**Memorial Observance.**  
Memorial Sunday and Decoration Day will be observed by George S. Cram Post No. 54, G. A. R., on Sunday, May 28, all soldiers and sailors who served in the war with sons and daughters who were veterans and members of the U. S. Army Corps are invited to attend and receive services at the Brick Church at 11 a. m.  
On Decoration Day, May 30, the graves will be decorated as usual in the forenoon. The instructors and pupils of the public schools, with resident clergymen, are cordially invited to participate. Dinner will be served at the Town Hall. Music will be furnished by Franklin Falls Cornet Band.  
In the afternoon there will be public exercises, with an address in keeping with the occasion and in the evening a grand entertainment will be given by the celebrated Apollo Quartette of Laconia, assisted by one or more popular readers. All citizens and the general public are most cordially invited to assist in making this the most impressive Decoration Day in our history.

**SPRING CAARRH**  
Changeable Weather Causes Disease. Breathe Hyomei and Cure Catarrh.  
The changeable weather of Spring, with its warm days and cold nights, is responsible for a great increase in the number of cases of catarrh. It is now that Hyomei, the only guaranteed treatment for catarrh that cures without stomach dosing, should be used in every case.  
Hyomei is a scientific method by which pure air impregnated with Nature's own remedies for the cure of catarrh, can be inhaled by every sufferer in his or her home. Breathe through the neat pocket inhaler that comes with every outfit, its healing, volatile, antiseptic fragrance reaches the lungs and air passages as no stomach dosing possibly can do. It gives immediate relief and makes lasting cures.  
Proof that the Hyomei treatment will do all that is claimed for it is found in the guarantee under which Geo. F. Sanborn sells it, an agreement to pay back the price, if the purchaser can say that Hyomei has not given satisfaction. Complete outfit \$1.00; extra bottles 50c.
